EXPLANATION ON HOW TO FILL OUT THE INCIDENT REPORT FORM;

1. Name of person completing this form: this could either be the person involved or a person that has been asked to assist them.
2. Site: dojo name and dojo location e.g. MJJA, Masterton.
3. Date reported: today's date
4. What are you reporting?
 - Injury – someone got hurt and sustained an injury either during training or as an accident in the dojo.
 - Illness – e.g. COVID-19, skin infection (staphylococcus) etc.
 - Near Miss – something happened that could have hurt someone or caused some damage but did not.
 - Damage – something happened which has caused damage to the dojo or equipment etc.
 - Unreasonable behaviour - e.g. bullying, harassment, racism, aggressive behaviour either to you or witnessed.
 - Child Protection Issue – anything that would be reportable under the NZJF Child Protection Policy.
5. Date of incident: the date the accident happened.
6. Time of incident: the time the incident occurred
7. Location of incident: where in the dojo premises.
8. Name of person(s) involved: Your name if you are filing this out yourself, or the person involved if you are filling in the form for them.
9. Witnesses: did anyone else see what happened, they can be useful to assist in the investigation.
10. Is this incident being reported on the day it occurred? The answer to this question may uncover some gaps in communication or process. If the incident is being reported late, there may be a corrective action to put in place that ensures all incidents are reported in a timely manner.
11. Has an NZJF First Aid/Injury Form been completed? The answer to this question may uncover some gaps in the First Aid/Injury reporting process. If the injury form is being completed late, there may be a corrective action to put in place that ensures all First Aid/Injury events are reported in a timely manner.
12. Details: here is where you explain what happened, who it was happening to and how they are now. Here's an example – "Sharon was climbing onto a chair to reach a box of supplies in the dojo storeroom and fell as she stepped down. She has a sprained ankle and has been taken to her GP".
13. What do you suggest is done to prevent a repeat of this incident/situation? Using the example above: "The store room has been cleaned up and a small step ladder will be purchased to ensure people do not use chairs to climb to access supplies".
14. How serious could the consequences be and likelihood, help analyse the risk in comparison to any recorded risk on the risk register
15. Signatures: as it says
16. Date: as it says

If you have any questions about this process either contact your H&S representative or the NZJF Secretary.

For further information on incident reporting please review the NZJF Incident Reporting Policy.

Who should investigate?

Only people with appropriate skills and experience should investigate incidents. If there was a notifiable event, or the potential for it, and if there is a likelihood of recurrence, a group approach can be used.

What to do:

Reference Document.:

Gather all the Facts:

1. What happened? Interview witnesses and describe events in detail, using any photos, diagrams or other exhibits that may be appropriate.
2. Has the Incident/Accident Reporting Form been filled in?

1. NZJF Incident Reporting Policy 2020
2. NZJF Incident Reporting Form

Identify all the Hazards Involved – Consider:

1. Equipment, materials etc.
2. Work practices and procedures
3. The dojo environment
4. Health Issues

3. NZJF Risk Management Policy

Review the Risk Register to Assess the Hazard Controls in Place:

1. What controls were in place and why didn't they work?
2. What is needed?

4. NZJF Risk Management Policy – Generic Risk Register

Decide on Future Action:

1. Describe fully what needs to be done to prevent a repeat
2. Who should do what and by when?

Inform all those Affected:

Inform everyone who needs to know – not only those directly involved. This is likely to involve circulating the report or a summary of its findings.

5. Any H&S Meeting Agenda / Minutes.

Follow Up:

There must be checks to ensure that recommended changes have been made and results achieved. This relies on measures being in place to ensure people are accountable for their actions, or lack of actions.
